RATIONALE

At St John Baptist High School we consider the best way to encourage good standards of behaviour in school is a clear code of conduct backed by a balanced combination of rewards and punishments within a positive community atmosphere. The school is held in high regard in the community for its strong discipline and caring ethos. Parents are encouraged to discuss concerns with the school so that partnerships are strong and effective and where collaboration is encouraged in the best interests of the learner. Our aim as a school is "to provide for all pupils a full and balanced range of educational opportunities, which recognises their value as individuals. Furthermore, we aim to help pupils within the fellowship of the Church in Wales a faith by which to live and which is shown in their dealings with others". This can only be achieved within a well-ordered community: one that enables effective learning and teaching to take place.

The system is very much designed to be **reward driven**, accentuating the positive aspects of hard work and good behaviour as a means to success and happiness. Our system is based upon a Discipline for learning model, our central aims are to celebrate achievements at all levels across the school community and to deal with all issues swiftly and effectively. We have a very proactive approach to all aspects of our work with regards discipline and rewards.

PURPOSE

The purpose of this policy is to ensure that pupils receive recognition every time they have earned it and receive a sanction every time they behave poorly, furthermore;

- to promote good behaviour and discipline throughout the school as a firm foundation for effective learning and teaching;
- to ensure that students experience a safe, stimulating learning environment free from disruption, bullying or any other hindrance to learning;
- to provide a framework within which there are clearly understood and consistently applied approaches to encouraging good behaviour and responding to poor behaviour;
- to ensure that achievement and good behaviour are recognised and celebrated;
- to encourage a calm, purposeful and happy atmosphere within school;
- to promote self-discipline so that each pupil learns to accept responsibility for their own behaviour.

AIMS

- Check 2 an appropriate punishment set, e.g. kept in at break, moved in class

Checks 1 and 2 to be issued and dealt with by the CLASSROOM TEACHER

The aim for ALL pupils is to remain CHECK FREE

If serious inappropriate behaviour persists then the following courses of action are available:

WHITE AMBER	20 behaviour points trigger a white report where a pupil will be monitored by the form tutor and Learning Manager, pupils to be placed on report by the Learning Manager, added or removed at the Learning Manager's discretion Where pupils fail to improve and move to an amber report where other support referrals will also be triggered such as behaviour support or ELSA, to be monitored by Learning Managers	There may sometimes be a class or part of of a teaching group on a on monitoring report based on poor attitude and behaviour
RED	Where pupils still show no signs of improvement, and SLT become involved with further interventions which may include a Governor Disciplinary panel, a PSP or potential school transfer if all other solutions have been exhausted	

Other interventions to modify behaviour may include:

- A behaviour contract drawn up, which may also take the form of an RP OR BEHAVIOUR contract for problems in individual lessons
- Referral to the Educational Psychologist/YEPS/Eye2Eye
 Counselling/RFS/Miskin/YOS/ Alternative provision via EOTAS or any other
 relevant agencies
- A Pastoral Support Plan will be put in place for the individual with reduced provision which could include removal from some lessons or in school for some of the time
- A fixed term exclusion. 'In certain circumstances, if the misdemeanour is deemed to be serious, an exclusion may be given without other sanctions having taken place

- A meeting between the Governors Disciplinary Committee and the pupil and parents
- Permanent exclusion (extreme cases)

By serious inappropriate behaviour we mean:

- Physically or verbally threatening pupils/staff. This includes foul and abusive language
- Sexist or racist remarks
- Absolute disobedience to a member of staff

Pupils with ALN or CLA status

- Pupils will have their disability/ALN/CLA status considered when rewards and sanctions are being applied.
- All pupils will be encouraged to achieve and engage with their learning.
- If a situation arises where exclusion is a possibility, the individual, the circumstances and the misdemeanour must be taken fully into consideration before an informed decision is made
- All relevant bodies in the case of a CLA child will be notified if there is an issue with behaviour in school, and if the pupil is at risk of exclusion
- Staff will use strategies recommended by the CLA Designate, Link Worker or ALNCo in the folder allstaff CLA PROVISION to support the behaviours of CLA and ALN pupils in the school community

In the case of fixed term or permanent exclusion, this course of action will only be considered after all other possible avenues have been explored. At all these levels of intervention the pupil, parents, governors, LA and any other interested parties will be kept fully informed in accordance with the agreed policy.

We, as a school, endeavour to be an inclusive organisation where we take account of the social, academic and personal needs of all the pupils in our care, and aim to include them as fully as possible in our school community, both in the classroom and in their extra-curricular activities. The use of the DFL system is designed to be fair and consistent in both its principles and application and all staff are encouraged to use it.

Rewards

Wherever possible, we aim to be positive in our approach and to notice and reward good behaviour rather than take it for granted. We believe that everyone should have equal access to rewards in our school, not just those who are academically able. Everyone responds to the right kind of reward and our aim is to develop and use a breadth of strategies, which will enable each individual pupil to achieve self-esteem by feeling that their particular talents are valued. Staff are encouraged to use a range of rewards to promote good behaviour and achievements. The school operates a rewards system for pupils. Rewards may be in the form of:

GOVERNORS' STATEMENT OF GENERAL PRINCIPLES FOR AN OVERALL BEHAVIOUR AND DISCIPLINE POLICY FOR THE SCHOOL

1. From its foundation, the School has sought to provide for its pupils a full and balanced range of educational opportunities which recognises their value as individuals and will help to provide a sound preparation for adult life. To that end, it encourages pupils to grow personally and socially, developing, in the process, a true sense of obligation to family, school, Church and community. High in the order of priorities has accordingly been the establishment, within the school, of a secure and stable atmosphere in which all concerned, Pupils, Parents, Guardians and Governors, can, under God, best achieve this purpose.

2. To ensure that the welfare of no pupil is overlooked, and pastoral organisation is maintained, which ensures that every child shall always have a staff member to whom he or she can turn, at any time, for help and advice, these arrangements are intended to accomplish

personal relationships within which each is valued as an individual, with a contribution to make to the well being of the whole school.

3. It is for the promotion of this well-being that clear rules exist at the school; the aim is for these to be observed, out of the individual's consciousness of his or her own responsibilities to the school community and to society generally. Moreover, whilst any wilful or persistent neglect of these responsibilities may lead to a sanction, the positive qualities of hard work, self discipline and mutual respect, are equally recognised and consistently valued. There is a code of conduct for pupils to follow and possible sanctions. There are also rules for movement around the school.

4. The rules that are made with these purposes in mind are accordingly directed to such matters as school attendance and time keeping; performance and learning; school uniform and pupils' conduct and behaviour. Up-to-date copies of the School Rules are sent to all parents when they start at the school. Intermediate changes in the rules are notified to pupils at school assemblies, and any significant variations are confirmed to parents at the earliest convenient opportunity afterwards.

5. If necessary, sanctions will be imposed such as detention. When detentions are held and they are after school hours (or between school sessions), a day's written notice is given to the parents or guardian before the detention takes place. In cases of serious misconduct or indiscipline, parents/cares are contacted.

6. As an ultimate sanction, the Headteacher is, by statute, empowered to exclude a pupil from the school. This can within prescribed limits, be for a fixed period, or permanently. In every such case the parent/guardian of the pupils concerned are informed of the decision taken and of the reason for it. There are rights of representation against the Headteacher's decision, including, ultimately, at a statutory appeals committee, the arrangements and procedure for, and at which, are made known to those concerned at the time.
